

Temat: TJ's injury – reading. Doskonalenie umiejętności czytania ze zrozumieniem.

Cele lekcji:

1. Powtórzenie słownictwa przed sprawdzianem: choroby, symptomy, urazy.
2. Doskonalenie umiejętności czytania ze zrozumieniem.

1) Welcome to the English class.

Moi drodzy. Jak zapewne pamiętacie, jutro piszecie sprawdzian z wiadomości z modułu czwartego. Żeby dać Wam jeszcze możliwość powtórki słownictwa proponuję Wam dziś przeczytanie tekstu o tematyce dotyczącej zdrowia i wykonanie do niego dwóch zadań.

2) Pod lekcją znajdziecie scan z tekstem, a poniżej zadania do wykonania:

1. Przeczytaj blog i odpowiedz na pytania, w jaki dzień tygodnia (poniedziałek, wtorek czy środę) TJ:

- | | |
|---|-------|
| a) talk about a lack of sleep? | _____ |
| b) explain what happened? | _____ |
| c) refer to someone helpful? | _____ |
| d) talk about plans for the future? | _____ |

| f) worry about some future treatment? | _____ |
| g) talk about how to get better? | _____ |
| h) mention a missed celebration? | _____ |
| i) talk about something unusual that he has missed? | _____ |
| j) give a short description of the hospital? | _____ |

2. Proszę streścić w kilku słowach fragment bloga dotyczący poniedziałku.

3) Popracujcie jeszcze nad słownictwem i gramatyką na sprawdzian, który ukaże się pod lekcją we wtorek o godz. 10.00. Będziecie mieli godzinę zegarową, aby go pobrać, uzupełnić i odesłać. Testu nie trzeba drukować. Wystarczy zapisać w zeszycie numer zadania, podpunkt oraz podać odpowiedź.

Pozdrawiam, Joanna Nowakowska

MONDAY

Today's my first day at Brenton Hospital and I'm feeling pretty sad. I've never been in hospital before and it's my birthday today. I planned to go out and have fun with my friends, but I'm here instead ☹. I've been here since they brought me in last night after my accident. I can't believe I did it. I was cycling home when a cat ran across the road in front of me. So I had to brake hard. I was going quite fast down a hill and I fell off the bike and hit the road. I was wearing a helmet so my head was OK, but I couldn't move. A woman was walking her dog when she saw me and called an ambulance. They think I've broken my ankle – and my whole body is killing me! The doctors think that I need an operation – help! I've only been here for a few hours and everyone has been really nice, but I want to go home!

TUESDAY

I've just woken up, but I feel really tired. Two new patients came in during the night, and woke me up and after that I couldn't sleep. Hospitals are noisy places. But there's some good news. The doctor has been to see me this morning and I can go home tomorrow! Luckily, I don't need to have an operation. I just need to rest and use crutches for a while. I've also made some friends here. In the next bed to me there's a boy called Blake. He's broken his wrist. He was in a car accident last night. And opposite me there's Liam. He's hurt his leg and he has to lie down all the time. But he still talks a lot! They're really nice guys, but I still can't wait until tomorrow!

WEDNESDAY

I've arrived home finally! It's so good to be here. My ankle still hurts and they've put a big bandage on it, but I'm happy to be in my own bed again. I have to be careful and sleep a lot. They've also given me some painkillers which really help. But I hope that I can celebrate my birthday with all my friends next week. And soon I think I can go back to school – I have never wanted to go to school so much! ☺
